### CHEMOTHERAPY INFUSION & PHARMACY

OCS patients will continue to have the advantage of a specialty pharmacy and chemotherapy infusion available right at our office.

### RADIATION THERAPY

This fixed linear accelerator provides for the latest in radiation therapy, including respiratory gating, IMRT and IGRT. The linear accelerator can deliver the right amount of radiation with pinpoint precision, minimizing damage to healthy tissue and maximizing effectiveness.

### PET/CT

PET stands for Positron Emission Tomography. This technology fuses a PET image with CT scan resulting in a PET/CT. This information can direct changes in therapy and more precisely target cancerous masses for radiation therapy.

### Directions to Mansfield

The Main Campus of OCS is located on a new street, Aspira Court. This is just off Trimble Road, north of Lexington Avenue (St Rt 42), south of Cook Rd.. Look for the large OCS sign!
